We at Tabletops Furniture provide our customers with access to high quality yet well priced table and seating ranges. This is made possible by the strong relationships which we have built up with carefully selected leading manufacturers of hospitality, contract and office furniture in the international arena.

We understand the importance of maintaining employment in the local furniture manufacturing sector. We continually strive to develop products locally wherever possible. We therefore confine our imports to only ranges which are not produced in South Africa. We also embrace and respect the concept of original design and try to limit our offering of copies (or so-called replicas) to a minimum.

No furniture producer can avoid having some impact on the environment and the communities in which it operates. Via close scrutiny of the suppliers, Tabletops Furniture favours relationships with progressive producers who keep any adverse environmental impacts to a minimum, who use materials that are recyclable and who observe internationally accepted labour practices.

Tabletops Furniture footprint in Southern Africa includes showrooms in Johannesburg, Cape Town and Durban. Customers in other regions are able to make product selections via our website with highly advanced enquiry and search functions. We have established distribution facilities to offer nationwide delivery. The company is able to ship product to projects throughout sub-Saharan Africa.

We invite you to experience our commitment to service and delivery of the right product for your requirement.

In the 1830’s Michael Thonet a German-Austrian cabinetmaker commenced his attempt to make furniture from glued and bent timber. Almost two decades later in 1851, his classic bentwood chair (aptly named Number 11) debuted at the World Fair in London.

We source our bentwood ranges from the manufacturer FAMEG in Poland which was established by the brothers Thonet in 1881. The original bentwood chair is still manufactured there using the same basic bending principles assisted by modern technology. Such is the pedigree of our BENTWOOD COLLECTION.

Benefits of height adjustable work surfaces and alternating between sitting and standing at work include:

- Significant decreases in the severity of musculoskeletal discomfort for most upper body regions.
- Reduced spinal shrinkage is found in workers who stand for portions of the day.
- Body part discomfort decreases an average of 62 percent and the occurrence of injuries and illnesses decrease by more than half.
- Workers take shorter and fewer breaks and productivity is increased.
- Employers are able to adapt desking to suit employees of various heights and body shapes. Those with back conditions and disabilities can be accommodated.
- Fat burning enzymes shut down when we sit down.

Furnish Southern Africa (Pty) Ltd was formed in 2017.

The company focuses on products manufactured in South Africa, both in its own manufacturing facility in Gauteng and also outsourced from various local manufacturers. Previously disadvantaged individuals and women feature heavily in its ownership structure which earns the company a Level 2 BEE recognition.

Products offered by FURNISH SOUTHERN AFRICA are ideally suited to applications which require a high degree of local content. In addition, these product offerings would be appealing to purchasers from other SADC countries due to savings in import duty which would be realized.
GUIDELINES & DISCLAIMERS

TABLE BASE & TOP COMPATIBILITY
Ensure that the selected table bases are the correct size and type to accommodate the required tops. Maximum top sizes stipulated in this catalogue should not be exceeded. These sizes apply to tops which are not excessively thick or heavy and must not be applied to exceptional materials like granite or marble.

SUITABILITY FOR OUTDOOR USE
The OUTDOOR icon indicates suitability for outdoor use under most conditions. Please enquire in the case of very exceptional outdoor conditions (e.g., extremely hot, dry, corrosive or humid). The LIMITED icon indicates that outdoor use might be possible under certain specific circumstances (e.g., inland locations, shaded areas etc). Please ascertain the limitations for products with LIMITED icon before using outdoors.

COLOURS
All colours and finishes depicted throughout this catalogue are approximate and for guideline purposes. A physical colour sample should be explored whenever a colour match is critical. Colours can vary from one batch to another. White can vary from warm white to cool white on different products.

DIMENSIONS AND DATA
All dimensions and other data are for guideline purposes only. In the cases where information is critical to a particular application, this information should be checked and reconfirmed.

AVAILABILITY
All products which appear in this catalogue are subject to stock availability or a lead time. Tabletops Furniture (Pty) Ltd reserves the right to modify or discontinue any item which appears in this catalogue without prior notice.

DISCLAIMER
Tabletops Furniture (Pty) Ltd disclaims all liability in connection with the customer’s use of goods and information supplied and for delictual, special, indirect or consequential damage and loss.
